

The Las Vegas Mini-Baja Chase Executive Package

Arranged for those with the means to insist on the very highest level of service, we've designed the executive Mini-Baja. While you'll still get to charge through the desert at a frantic pace in our custom fabricated desert racers, you'll also get some extra amenities not offered on our standard packages. Executive clients will receive:

- A Private shuttle: Your party will have a private shuttle straight from your resort to our facility, meaning there will be no stops at other resorts and none of our other clients will be sharing the shuttle ride with you.
- A Private guide: While we keep the group sizes small for the best experience, Executive clients will have their own guide, up to 6 buggies of your own group, even if only one buggy is booked.
- Tour of the Fabrication Facility: You'll get to see behind the scenes where we custom fabricate our own off road machines. (no pictures please)
- New Helmets and goggles: While we currently use a special process to disinfect our helmets after each use to insure sanitary conditions, Executive clients will get brand new, never been worn helmets and goggles for use on your adventure. A Helmet can only be brand new exactly once, Executive level clients get the luxury of first run.

All of our clients go home a little richer with memories that will last a lifetime. For those who insist on a unique experience, Sun Buggy Fun Rentals has the resources to provide the executive level of service that you're accustomed to.

Mini-Baja Executive Package

The Las Vegas Mini-Baja Chase Executive Package

About the Mini-Baja:

By far our most popular Adventure in the Las Vegas area is the Mini-Baja. The Mini-Baja is 15,000 awesome acres of varied desert terrain right on the edge of Las Vegas only 20 minutes from the strip consisting of dunes, gravel, hard pack, hills, valleys, washed out creek beds, and trails running every direction. This area is very technical and challenging with lots of tight and twisty trails. Our Mini Baja is blacked out on occasion due to the fact that the same area is used by several off-road racing organizations such as SNORE, SCORE, MRAN, and Best in the Desert.

This is our most advanced run. It is fast-paced and not tailored for the weak at heart. During your adventure you will travel somewhere between 20 and 35 miles over what is described as very aggressive and challenging terrain. This is not a roller coaster ride-if you aim at the big rocks you will probably hit them. You are required to wear a full face helmet and a 4-point harness at all times on the course. We generally take 1 and 2 seat buggies on this tour. The buggies are agile, and built right here in our garage specially to perform out here in the rough, tough high desert and dunes terrain. While our custom buggies are expert at taming this type of terrain you need not be as they're easy to drive with only gas, brake, and steering just like your automatic car.

There's NO SPEED LIMIT on the Mini-Baja!!! This is not a slow paced sightseeing tour. Your job will be to chase one of our expert Buggy Instructors, and the only thing that will slow our instructor down is if he's waiting for you to catch up. Don't feel intimidated by the ease at which our Dunies wrangle the buggies, because at Sun Buggy Fun Rentals you're in the drivers seat so it's just as intense as you make it. Come take a ride that you won't soon forget!!!
